COLOUR HAPPY

Mirrored surfaces might be easy to find, but where do you go if you want one in colour? Dominic Schuster has plugged this gap in the market with his new coloured antique mirror glass collection, available in 25 colours and bespoke shades. Simply gorgeous.

Stop press! Lacquer Studios specialises in Oriental and European lacquer. Founder Pedro da Costa Felgueiras creates one-off pieces, including highly modern furniture (lacquerstudios.com).

PERFECT PRINTS

Our favourite collaboration this month is between St Jude's Fabrics and Sofa.com. Six sofa and chair models can be upholstered in three textiles: 'Hedgerow' by Angie Lewin, 'Bird Garden' and 'Doveflight' by Mark Hearld. It's all part of a new Sofa.com initiative called 'Design Lab', supporting British design. 'Kilkenny' armchair in 'Bird Garden' fabric, £800, Sofa.com (sofa.com/designlab).

BATHING BLISS

Create an original bathroom with Ripples' bespoke service at its new Fulham Road showroom. An experienced designer will draw up a plan for an awkward space, incorporate innovative materials or suggest a divine bath, such as the one below. 'Olympia' bath by Adamsez, £3,500, Ripples (ripples.ltd.uk).

KNIT WIT

Nuttall is quite a new brand, but already it's making its mark. Not only is its furniture showroom the most relaxing we've visited in a while (the sofas are super-comfy) but its elegant grey, cable-knit-pattern wallpapers are like jumpers to wrap your walls in.
